

From July 11 to 13, 2024, at Franchise Expo Malaysia, YGL showcases its cutting-edge solutions: Central Kitchen, E-invoicing, and Smart Warehouse. These innovations aim to enhance operational efficiency, streamline invoicing processes, and optimise warehouse management for businesses across various sectors.

The School of Computer Sciences, Universiti Sains Malaysia (USM), invited YGL to the Computer Science Masters Innovation and Demo (CSMInD) on 11 July 2024. The event, held from 08:30 a.m. to 4:00 p.m. at USM, includes breakfast and lunch. CSMInD showcases projects by MSc (Data Science & Analytics) and MSc (Digital Transformation) students.

Key talks at 11:45 a.m. feature Professor Dato' Dr. Bahari Belaton, an industry speaker, and alumnus Mr. Andre Chua Rin Seng, discussing practicum insights and success stories.

Machine Learning Model Improvement Outcome

All the experiment results drive that the best machine learning model selected is random forest model with default hyperparameter setting and all features

Success of Features	Condition	Accuracy	Shower-Averaged F1 score	Weight-averaged F1 score
All features ☆	Include all features	0.94	0.94	0.94
ETA, Door2, CONT, AVAIL, DATE, Remain	features with importance score more than 0.06	0.94	0.93	0.94
ETA, Door2, CONT, AVAIL, DATE, Remain	features with importance score more than 0.07	0.94	0.92	0.94
ETA, Door2, CONT, AVAIL, DATE, Remain	features with importance score more than 0.08	0.93	0.91	0.93

HRDCORP is organising a 2-day E-Invoice course in Penang mainland on July 24th and 25th, 2024. The course aims to educate businesses on the Malaysian E-Invoice landscape, its impact, and the regulations involved. Ms. Hedy Tan will cover these aspects, while Ms. Yeap Kah Phaik will delve into the technological options available, system features, practical tutorials, and address real-life scenarios through Q&A. This course is a valuable opportunity for businesses to gain comprehensive knowledge about E-Invoicing and its implementation.

On July 25, 2024, YGL showcased its cutting-edge solutions at the IEMI (Integrated Electronics Manufacturing & Interconnections) Malaysia. The event featured YGL's Smart Warehouse, Smart Manufacturing, and E-Invoicing systems. These innovations highlighted YGL's commitment to enhancing operational efficiency and productivity. The Smart Warehouse solution streamlined inventory management, while Smart Manufacturing optimised production processes. Additionally, the E-Invoicing system facilitated seamless electronic transactions, reducing paperwork and improving accuracy. The showcase underscored YGL's role in driving technological advancements in the manufacturing sector.

A spirited badminton match unfolded at the Eonsave badminton court between the YGL and ABC clubs. The friendly competition brought together a total of 13 teams eager to showcase their abilities. The court was filled with the energetic rallies and cheers as players from both sides battled it out. Beyond the competition, the event fostered camaraderie and sportsmanship among the participants, creating a lively atmosphere for all involved.
