

Strategic Partnership Announcement: YGL x AGYTEK

On 22nd August 2024, YGL was excited to announce our collaboration with AGYTEK (a digital innovator formed by Altel Group Sdn Bhd and China’s GYMD Digital Technology Co Ltd.), a leading provider of Machine Execution Systems (MES). YGL delivering cutting-edge ERP solution for the automotive and value chain industries in Southeast Asia.

This partnership integrates AGYTEK’s MES technology, known for enhancing manufacturing efficiency, with YGL’s advanced ERP systems. By merging these technologies, manufacturers gain real-time insights and scalable solutions, streamlining operations from the shop floor to the top level.

Integration of Technologies

AGYTEK’s Machine Execution System (MES) is at the forefront of automating and optimizing manufacturing processes in the automotive sector. The system is designed to manage, monitor, and control production activities in real-time, ensuring higher efficiency, reduced downtime, and improved product quality. By integrating MES solution with YGL Enterprise Resource Planning (ERP) systems, the collaboration offers a seamless end-to-end solution for automotive and value chain manufacturers.

YGL ERP system is known for their ability to streamline business processes, improve data accuracy, and enhance decision-making through comprehensive data analytics. The integration of ERP with MES allows for a unified platform where data flows seamlessly from the shop floor to the top floor, enabling manufacturers to gain real-time insights into their operations, make informed decisions quickly, and adapt to changing market demands.

Altel Group is a subsidiary of the Tradwinds Group and GYMD Digital Technology is a subsidiary of the Geely Group from China.

Attended by:

YGL CEO Yeap Kong Chean, YGL Director Ts. Dr. Celvin Tan, YGL Head of Marketing Humphrey Ho Soo Wee, AGYTEK CEO Tiger Wang, AGYTEK VP & CFO Mr. David Xiong, AGYTEK Head of Solutions Steven Ni, ALTEL Acting Group CEO Mr. Mohd Helmi Harith, GEELY Holding Group Senior VP Wei Mei, AL-Bukhary Datuk Seri Abdul Aziz Shahar,

This partnership aims to revolutionize the manufacturing industry by providing a comprehensive solution that integrates advanced MES technology with YGL’s ERP systems, enabling manufacturers to optimize their production processes, reduce costs, and improve overall operational efficiency.

On 22nd of August 2024

YGL Convergence Malaysia Sdn Bhd and Indo Trans Teknologi Sdn Bhd had signed an MoU to collaborate on delivering cutting-edge ERP, Warehouse & Logistics solutions. Together, we'll focus on providing smart warehouse and logistics solutions, streamlining operations, and maximising productivity.

This collaboration will focus on:

- Joint marketing and branding of our industry-leading solutions.
- Organising events to engage the market together.
- Offering an integrated Smart Warehouse & Logistics Solution, combining Transtrack's Logistics and YGL's ERP systems to provide a seamless, efficient service for clients.

With this partnership, YGL aimed to create an ecosystem that simplifies logistics, optimises supply chains, and drives productivity across industries. Our shared vision is to deliver cutting-edge technology and tailored business solutions that meet the evolving needs of today's market.

The annual general meeting (AGM) of YGL Convergence Berhad took place on the morning of 29th August 2024 at JAZZ Hotel in Penang. This meeting involved shareholders, board members, and key management discussing the company's financial performance, strategic initiatives, and future goals. AGMs are essential for reviewing the past year's performance, addressing shareholder concerns, electing directors, and setting the direction for the next year.

GEELY Group's Technology Arm, led by Vice President David Xiong and Head Of Solutions Steven Ni, visited YGL's Corporate Office. YGL's CEO Yeap KC, Director Ts. Dr. Celvin Tan and Head of Marketing Mr. Humphrey Ho, showcased YGL portfolio, fostering mutual understanding and exploring potential collaborations between the two companies.
